Re: IPL Action Plan - 26 S. Meridian Street Network Event on August 13, 2014

Dear Ms. Krogel Roads:

In response to the public meeting regarding the Indianapolis Power & Light Company's ("IPL") downtown network event at 26 S. Meridian Street, IPL is providing its final Action Plan of commitments to address recommendations resulting from the Root Cause Analysis report issued on October 3, 2014.

As agreed upon between IPL and the Indiana Utility Regulatory Commission ("IURC"), IPL is submitting this Action Plan which outlines steps to mitigate the cause and potential impacts from a similar event like the one which occurred on August 13, 2014. The Action Plan also incorporates responses to IURC Staff questions from an email in follow up to a November 17th draft action plan.

IPL remains committed to operating a safe and reliable downtown network, for the safety of both the public and IPL employees. We are also committed to completing the recommendations of the Action Plan in a timely and efficient manner.

Thank you for the opportunity to submit this plan and please let me know if you have any questions or if you would like to discuss further.

Sincerely,

A handwritten signature in dark ink, appearing to read "Roderick", is placed above the printed name.

Roderick Conwell
Manager, Regulatory Operations
Indianapolis Power & Light Company
